Residential Mortgage Loan Servicing Fee Schedule

Name of Fee	Amount Charged	Description
Appraisal	Varies	The cost if we require a licensed Real Estate Appraiser to determine the current condition and value of the mortgage property.
Late Fee	2% of the payment amount 15 days after the payment due date	Fee is assessed when a loan payment is received after the expiration of any applicable grace period.
Dishonored/Returned Payment Fee	\$25.00	Fee assessed to any check/ACH received for payment that is returned unpaid for any reason (such as insufficient funds in the account, uncollected funds, stopped payment, etc.)
Discharge /Satisfaction of Mortgage (Recording Fee)	Varies	Fee is charged by the county to release a lien on property at the time of loan payoff. Fee varies by county
Modification Fee	Up to \$2,500.00 plus applicable legal fees	Fee is assessed if you request a change to any of your loan terms and if the request is approved, you will be charged a fee to complete the process
Verification of Mortgage	\$35.00	Fee is charged for any request received from lender other than Hanover Bank for verification of mortgage
Payoff Statement	\$100.00	This fee is charged on the 6 th request on a 12-month period

This chart contains a list of common mortgage servicing fees but may not include all fees that may be charged for actual services requested or required. For example, if your loan becomes delinquent or is subject to litigation fees may include, but may not be limited to, court costs and attorney's fees. These costs will vary by individual circumstance. Attorney fees charged in connection with a foreclosure action shall be for work performed. Those fees will be reasonable and customary for work that is performed.

Fees, and a breakdown of the tasks performed, will be disclosed to the borrower prior to entering into an agreement governing a loss mitigation option, reinstatement, or loan satisfaction.

This document is an evaluation of this institution's record of meeting the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with safe and sound operation of the institution. This evaluation is not, nor should it be construed as, an assessment of the financial condition of this institution. The rating assigned to this institution does not represent an analysis, conclusion, or opinion of the federal financial supervisory agency concerning the safety and soundness of this financial institution.

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated Satisfactory.

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

The Lending Test is rated Outstanding.

- The loan-to-deposit (LTD) ratio is more than reasonable given the institution's size, financial condition, and assessment area credit needs.
- A substantial majority of loans are inside the institution's assessment area.
- The geographic distribution of loans reflects excellent dispersion throughout the assessment area.
- The distribution of loans to borrowers reflects, given the demographics of the assessment area, excellent penetration among individuals of different income levels and businesses of different sizes.
- The institution did not receive any CRA-related complaints about its performance in meeting the credit needs of the assessment area; therefore, this factor did not affect the Lending Test rating.

The Community Development Test is rated Satisfactory.

The institution's community development performance demonstrates adequate responsiveness to community development needs in its assessment area through community development loans, qualified investments, and community development services, as appropriate, considering the institution's capacity and the need and availability of such opportunities for community development in the institution's assessment area.

DESCRIPTION OF INSTITUTION

Hanover Community Bank (Hanover) is a community commercial bank headquartered in Garden City Park, New York. Hanover is the sole subsidiary of Hanover Bancorp, Inc., a privately-held stock bank holding company headquartered in Mincola, New York. The bank does not have any affiliates or subsidiaries.

Hanover received a “Satisfactory” rating at its previous FDIC Performance Evaluation dated June 15, 2020, based on Interagency Intermediate Small Institution Community Reinvestment Act (CRA) Examination Procedures.

Hanover operates nine full-service offices in its assessment area, including eight branches in New York and one branch in New Jersey. The New York branches include two branches in Nassau County, two branches in New York County, two branches in Queens County, one branch in Kings County, and one branch in Suffolk County. The New Jersey branch is located in Monmouth County. In terms of geographic distribution, three branches are located in moderate-income census tracts, two branches are in middle-income census tracts, three branches are in upper-income census tracts, and one branch is located in a census tract without an income designation.

Since the previous evaluation, Hanover expanded its branch office network through merger activity and new office openings. In May 2021, Hanover acquired Savoy Bank (Savoy), which included a branch office in Rockefeller Center. Hanover also opened two additional branches, including a branch in Monmouth County, New Jersey, and a branch in Suffolk County, New York. In August 2021, Hanover closed one branch location in a low-income census tract in New York County. However, the bank maintains a branch office within walking distance from the closed location in a moderate-income census tract. Hanover’s branch closing did not inhibit its ability to serve low- and moderate-income areas.

Hanover offers various home mortgage loan products, including 1-4 family and multifamily loans. The bank also offers several programs in an effort to reach low- and moderate-income borrowers, including an affordable housing program for first-time and repeat homebuyers, a home improvement loan program, and a residential investor loan program. The bank also offers commercial and industrial loans, commercial real estate loans, businesses lines of credit, Small Business Administration (SBA) loans, and United States Department of Agriculture loans. Deposit products include checking, savings, and money market deposit accounts, individual retirement accounts, and certificates of deposit. Alternative banking services include online banking, electronic bill pay, telephone banking, mobile banking, remote deposit capture, person-to-person payment systems, and automated teller machines.

As of June 30, 2023, the bank reported total assets of \$2.1 billion, total loans of \$1.8 billion, total securities of \$15.3 million, and total deposits of \$1.6 billion. Total assets and loans grew by approximately 150 percent due to the acquisition of Savoy. Additionally, the acquisition altered the loan portfolio composition of the bank from a highly concentrated residential portfolio to a more diverse portfolio inclusive of commercial loans, including commercial real estate and commercial and industrial loans.

During the evaluation period, Hanover participated in the SBA's (SBA) Paycheck Protection Program (PPP). The federal government created the PPP loan program in response to the COVID-19 pandemic. The loan program helped small businesses maintain and compensate their workforces during the crisis. Hanover participated in the program to meet community financial needs. During the evaluation period, the bank originated 1,261 PPP loans totaling approximately \$145.3 million. Of the PPP loans, 98 percent had original loan amounts of \$1 million and less.

The following table represents the total loan portfolio.

Examiners did not identify any financial, legal, or other impediments that affect the bank's ability to meet the credit needs of its assessment area.

DESCRIPTION OF ASSESSMENT AREAS

The CRA requires each financial institution to define one or more assessment areas (AA) within which its CRA performance will be evaluated. Hanover designated one AA that includes Bronx, Kings, New York, Queens, and Richmond Counties, which represents a portion of the New York-Jersey City-White Plains, NY-NJ Metropolitan Division (MD) (#35614); Nassau and Suffolk Counties, which composes the Nassau County-Suffolk County, NY MD (#35004); and Monmouth County, which represents a portion of the New Brunswick-Lakewood, NJ MD (#36154). All of these MDs are included within the larger New York-Newark-Jersey City, NY-NJ-PA Metropolitan Statistical Area (MSA) (#35620).

Hanover expanded its AA since the previous evaluation to include Suffolk County, New York, and Monmouth County, New Jersey, due to branch openings. Additionally, Hanover's AA changed during the evaluation period due to the nationally revised metropolitan area delineations published by the Office of Management and Budget (OMB), effective February 2023. The OMB published revised demographic data based on the 2020 U.S. Census. Census tract changes reflected in the 2020 U.S. Census data include an increase of 235 total census tracts, as well as some changes to existing geography income classifications. As a result, the revised delineation includes a decrease

of 4 low-income tracts, an increase of 24 moderate-income census tracts, an increase of 103 middle-income census tracts, an increase of 21 upper-income census tracts, and an increase of 91 NA-income census tracts. Because these changes occurred during the evaluation period, examiners analyzed the bank's 2022 lending data using the revised delineations, and the 2021 lending data using the prior delineations.

Economic and Demographic Data

The bank's AA includes 3,153 census tracts. These tracts reflect the following income designations according to the 2020 U.S. Census data:

- 310 low-income census tracts,
- 707 moderate-income census tracts,
- 1,154 middle-income census tracts,
- 813 upper-income census tracts; and
- 169 census tracts with no income designation (NA tracts).

There are no distressed or underserved middle-income census tracts in the AA. The following table presents select demographic characteristics for the assessment area.

The table above reflects lower levels of owner-occupied housing units in the AA's low- and moderate-income tracts (18.0 percent combined), and higher concentrations of rental units in those

same tracts (47.9 percent combined). This data highlights opportunities for lenders to originate non-owner occupied investment property loans in the low- and moderate-income areas.

According to 2022 D&B data, there were 1.6 million non-farm businesses operating in the AA. The gross annual revenues (GARs) for these businesses are as follows:

- 91.7 percent had GARs of \$1 million or less,
- 3.2 percent had GARs greater than \$1 million, and
- 5.1 percent did not report revenues.

Among all farm and non-farm businesses, service industries represent the largest portion of businesses in the AA (37.0 percent), followed by retail trade (10.4 percent). In addition, 89.6 percent of AA businesses have nine or fewer employees, and 90.9 percent operate from a single location. The top employers in the bank's AA are Montefiore Health System, Mount Sinai Health System, JPMorgan Chase & Co., Bank of America, New York-Presbyterian Healthcare System, NYU Langone Medical Center, and Macy's, Inc.

Examiners used 2021 and 2022 FFIEC-updated median family income levels to analyze home mortgage loans under the Borrower Profile criterion. The table below presents the median family income ranges for the MDs that compose the bank's AA:

According to Moody's Analytics, the area serves as the financial capital of the world, with economic strengths that include high per capita income, low exposure to manufacturing, strong international immigration, a robust healthcare center, and a highly skilled workforce. Economic growth outpaces the national average, fueled by hotels, restaurants, and hospitals. Economic weaknesses include high costs, including taxes, housing, office rents, and energy; rapidly aging infrastructure; lack of developable land; and poor demographics, including poor out-migration and a rapidly aging population. The economic environment resulted in layoffs in the financial services and technology sectors, while the housing market slowly recedes due to a steady population outflow.

The COVID-19 pandemic considerably affected local and global environments. The stay-at-home orders and temporary closures of non-essential businesses that became effective in March 2020, caused significant hardships for both individuals and businesses. The pandemic triggered dramatic increases in statewide and national unemployment rates. Throughout the majority of the review period, unemployment remained high and began improving in 2023. The unemployment rate for the New York-Newark, NY-NJ-CT-PA Combined Statistical Area, which encompasses the bank's AA, was 4.5 percent as of July 2023, which was higher than the state of New York level of 3.9 percent and the national level of 3.5 percent, reflecting ongoing economic challenges relative to the assessment area.

Competition

There is a high level of competition for home mortgage loans among the area's banks, credit unions, and non-depository mortgage lenders. In 2022, 730 lenders reported 275,812 1-4 family mortgage loan originations and purchases. The ten most prominent 1-4 family home mortgage lenders accounted for 41.7 percent of total market share, while Hanover ranked 78th with a 0.2 percent market share. The top lenders are predominantly large multi-billion dollar regional and national depository institutions and national mortgage companies, as well as one large multi-billion dollar credit union. For multifamily loans, 120 lenders reported 4,152 loan originations and purchases relating to properties with five or more units. The top ten lenders accounted for 63.7 percent of the total multifamily market share, while Hanover ranked fifteenth with a 1.6 percent market share.

This assessment area is also a competitive market for small business loans. Aggregate small business loan data for 2021 shows that 393 lenders reported 504,019 small business loans in this assessment area. Businesses with GARs of \$1 million or less accounted for approximately 36.6 percent of the loans.

The market for financial services within the AA is highly competitive. According to the FDIC Deposit Market Share report as of June 30, 2023, 118 financial institutions operated 2,336 offices within the AA. Of these institutions, Hanover ranked 42nd with a 0.08 percent deposit market share. The five institutions with the highest deposit market shares accounted for 72.6 percent of total deposit market share. These entities are mainly large, multi-billion dollar depository institutions that serve a much larger multi-regional or multi-state area in addition to this AA.

Community Contact

As part of the evaluation process, examiners contact third parties active in the assessment area to assist in identifying the credit and community development needs. This information helps determine whether local financial institutions are responsive to those needs. It also shows what credit and community development opportunities are available.

Examiners contacted a representative of an economic development-related organization in the assessment area. The contact stated that small business loans, particularly small dollar loans for new businesses, remain an enduring need. The contact stated that many entrepreneurs do not yet have the expertise or credit history to qualify for bank loans, and therefore struggle to obtain financing. The contact observed that many banks offer beneficial loan products for small

businesses, but banks often do not heavily market these products, and small business customers are unaware of their availability. The contact also stated that there is a shortage of single-family housing, and that housing in general in the New York City area remains unaffordable for many families. Finally, financial literacy programs, for both consumers and small businesses, represent another significant community development need in the assessment area.

Credit and Community Development Needs and Opportunities

Considering information from the community contact, as well as demographic and economic data, examiners determined that small business lending and affordable housing are primary needs in the assessment area. Given the assessment area's high housing costs, affordable home mortgage products and down payment assistance are significant needs, particularly among low- and moderate-income residents. As noted by the community contact, additional financing for new businesses and financial literacy programs for both small businesses and consumers remain in demand. Finally, opportunities for revitalization and stabilization are present throughout the assessment area, particularly in certain areas of Bronx County, Kings County, and Queens County, all of which have large concentrations of low- and moderate-income tracts.

SCOPE OF EVALUATION

General Information

This evaluation covers the period from the prior CRA evaluation dated June 15, 2020, to the current evaluation dated September 25, 2023. Examiners used Interagency Intermediate Small Institution CRA Examination Procedures to evaluate the bank's CRA performance. These procedures consist of the Lending and Community Development Tests (see Appendices for complete description). Examiners used full-scope procedures to assess Hanover's performance in its AA.

Activities Reviewed

Examiners reviewed the bank's home mortgage and small business loans to assess its performance, as these loan types represent major product lines based on the loan portfolio composition, the number and dollar volume of loans originated during the evaluation period, and the bank's business strategy. No other loan types, such as small farm or consumer loans, represent a major product line or provide material support for the conclusions or rating, and are therefore not presented. Considering the lending activity during the evaluation period, examiners weighed the home mortgage loan category heavier than the small business loan category when drawing conclusions.

The evaluation considered the home mortgage loans reported on the bank's 2020, 2021, and 2022 Home Mortgage Disclosure Act (HMDA) loan application registers. The HMDA-reported loans include home purchase and home improvement loans, including refinances, on 1-4 family and multifamily (five or more unit) properties. In 2020, the bank originated 123 1-4 family residential loans totaling \$71.2 million and 15 multifamily loans totaling \$40.2 million. In 2021, the bank originated 190 1-4 family residential loans totaling \$114.9 million and 58 multifamily loans totaling \$209.2 million. In 2022, the bank originated 381 1-4 family residential loans totaling

\$222.9 million and 111 multifamily loans totaling \$305.2 million. The evaluation presents the 2021 and 2022 HMDA data in all performance criteria. Although examiners analyzed the 2020 HMDA data, the evaluation presents that information in the Assessment Area Concentration criterion only, as the performance in 2020 was consistent with 2021 and 2022. Examiners compared the bank's home mortgage lending in 2021 to the 2015 American Community Survey (ACS) data and to the aggregate HMDA data for 2021. Examiners compared the bank's home mortgage lending in 2022 to the 2020 U.S. Census data and to the aggregate HMDA data for 2022.

The evaluation considered small business data collected by the bank for 2022. As an Intermediate Small Bank, the bank was not required to collect or report small business data during the review period. However, Hanover optionally collected small business loan data for 2022, which included the origination or renewal of 51 small business loans totaling \$29.9 million. Examiners compared the bank's small business lending performance to 2022 D&B data. Additionally, examiners conducted a limited analysis of the bank's PPP loans. Since there was no revenue or location data available for these loans, the evaluation presents an analysis of the loans by loan size in the Borrower Profile criterion only.

While the number and dollar volume of loans were reviewed, examiners emphasized performance by number of loans because this is a better indicator of the bank's record of serving individuals and businesses. Performance based on the dollar volume of loans was generally consistent with performance based on the number of loans.

For the Community Development Test, examiners considered community development loans, qualified investments, and community development services since the prior CRA evaluation.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

Hanover demonstrated outstanding performance under the Lending Test. The bank's performance under the Loan-to-Deposit (LTD) Ratio, Assessment Area Concentration, Geographic Distribution, and Borrower Profile criteria support this conclusion.

Loan-to-Deposit Ratio

Hanover's average net LTD ratio is more than reasonable given the institution's size, financial condition, and assessment area credit needs. The bank's net LTD ratio, calculated from Call Report data, averaged 107.4 percent over the past 13 calendar quarters from June 30, 2020 to June 30, 2023. The net LTD ratio ranged from a high of 114.1 percent as of December 31, 2022, to a low of 103.8 percent as of March 31, 2023. The ratio has remained relatively steady during the review period.

Examiners compared Hanover's average net LTD ratio to that of four similarly situated institutions selected based on asset size, geographic location, and loan portfolio composition. As shown in the following table, the bank's average net LTD ratio is higher than three of the institutions.

Loan-to-Deposit (LTD) Ratio Comparison		
Bank	Total Assets as of 6/30/2023 (\$000s)	Average Net LTD Ratio (%)
Hanover Community Bank	2,121,181	107.4

Assessment Area Concentration

A substantial majority of loans are in the institution's assessment area. The table below shows the distribution of loans inside and outside the assessment area by year and loan type. The performance reflects the bank's commitment to lending within the communities it serves.

Geographic Distribution

The geographic distribution of loans reflects excellent dispersion throughout the assessment area. The bank's excellent distribution of 1-4 family mortgage and multifamily loans, particularly in the low- and moderate-income tracts, supports this conclusion.

Home Mortgage Loans: 1-4 Family

The geographic distribution of 1-4 family mortgage loans reflects an excellent dispersion throughout the AA. The following table details the geographic distribution of home mortgage loans by tract income level.

The bank's percentage of loans in the low-income census tracts was lower than the demographic and aggregate figures in 2021; however, the bank increased its lending in 2022, with the percentage of loans in the low-income areas exceeding both comparative measures. Hanover's percentage of loans in the moderate-income areas in 2021 and 2022 exceeded both the demographic and aggregate figures. Overall, the bank's lending in the low- and moderate-income tracts supports excellent performance under this criterion.

Home Mortgage Loans: Multifamily

The geographic distribution of multifamily home mortgage loans reflects excellent dispersion in the low- and moderate-income census tracts. The following table illustrates the geographic distribution of the bank's multifamily home mortgage loans.

The bank's percentage of multifamily loans in the low-income census tracts far exceeded the aggregate and demographic levels in 2021 and 2022. The bank's performance in the moderate-income tracts was similar to the low-income areas, as the bank's percentage of loans in the moderate-income tracts exceeded the aggregate level and the demographic measure for both years. Overall, the bank's multifamily lending in the low- and moderate-income tracts supports excellent performance under this criterion.

Small Business Loans

The geographic distribution of small business loans reflects reasonable dispersion throughout the AA. The following table details the distribution of small business loans by census tract income level.

As shown in the table above, Hanover's percentage of small business loans in the low-income tracts was only slightly lower than the demographic figure. The bank had stronger performance in the moderate-income tracts, where its percentage of lending exceeded the demographic measure. Overall, the bank's small business lending in the low- and moderate-income tracts was reasonable.

Borrower Profile

The distribution of borrowers reflects, given the demographics of the assessment area, excellent penetration among individuals of different income levels (including low- and moderate-income) and businesses of different sizes. Examiners only analyzed Hanover's small business and 1-4 family lending in assessing the bank's performance under this criterion, as borrower income data was unavailable for the multifamily loans. Specifically, the HMDA does not require Hanover to collect or report borrower income data for multifamily loans.

Home Mortgage Loans: 1-4 Family

The distribution of borrowers reflects, given the demographics of the assessment area, excellent penetration among individuals of different income levels (including low- and moderate-income). The following table shows the distribution of the bank's 1-4 family mortgage loans by borrower income level compared to demographic and aggregate HMDA data.

Hanover's percentage of lending to low-income borrowers greatly exceeded the aggregate levels in 2021 and 2022, but trailed the demographic measure. Since the aggregate lending data is generally a better indicator of demand for home mortgage financing, examiners placed greater emphasis on the favorable comparison to that data. Additionally, according to the 2020 U.S. Census data, 10.9 percent of the families residing within the AA live below the poverty level. Many families below the poverty level may not be able to reasonably afford a mortgage payment and are not considered potential borrowers. Hanover's percentage of lending to moderate-income borrowers slightly exceeded both the aggregate level and the demographic measure in 2021 and 2022.

Overall, the bank's 1-4 family home mortgage lending demonstrates excellent performance in meeting the credit needs of low- and moderate-income borrowers.

Small Business Loans

The distribution of loans reflects excellent penetration among businesses of different sizes. Examiners focused on the bank's lending to businesses with GARs of \$1 million or less. The following table details the distribution of small business loans by borrower GAR levels.

Distribution of Small Business Loans by Gross Annual Revenue Category					
Gross Revenue Level	% of Businesses	#	%	\$ (000s)	%

As shown in the table above, Hanover's percentage of small business loans to businesses with GARs of \$1 million or less exceeded the demographic measure, indicating its willingness to lend to small businesses.

As noted in the Description of Institution section, Hanover originated small business loans under the SBA's Paycheck Protection Program (PPP) during 2020 and 2021. The PPP was an emergency loan program designed to assist businesses during the pandemic. Because revenue data was unavailable for the PPP loans, examiners could not evaluate the loans based on the size of the business. Instead, examiners used loan size as a proxy for those with revenues not available. In 2021, for example, Hanover made 1,241 PPP loans with loan amounts of \$1 million or less totaling \$112.7 million. Of these loans, 917 loans, or 73.9 percent, had an original loan amount under \$100,000, indicating the bank was helping to serve the needs of small businesses.

Overall, the small business loan distribution reflects excellent performance based on a comparison to demographic data. Additionally, the bank's numerous PPP loans helped borrowers address challenges during the pandemic, and demonstrate the bank's commitment to serve the credit needs of the AA.

Response to Complaints

The bank did not receive any CRA-related complaints since the previous evaluation; therefore, this criterion did not affect the Lending Test rating.

COMMUNITY DEVELOPMENT TEST

The bank's community development performance demonstrates adequate responsiveness to the community development needs in its AA through its community development loans, qualified investments, and community development services, as appropriate, considering the institution's capacity and the need and availability of such opportunities for community development.

Hanover met the community development needs of the AA primarily through community development loans.

Community Development Loans

During the evaluation period, the bank originated 136 community development loans totaling \$257.9 million within the assessment area. This level of activity represents 14.1 percent of total loans (\$1.8 billion) and 12.2 percent of total assets (\$2.1 billion), as of June 30, 2023. The dollar volume of community development loans increased significantly since the prior evaluation, which is appropriate given the substantial growth in the bank's total assets during the same time. Hanover's community development lending supported the creation or maintenance of affordable housing in the assessment area, which demonstrates its responsiveness to this identified community development need. Of the total community development loans, the bank originated 105 loans totaling \$197.1 million inside its AA and 31 loans totaling \$60.8 million outside the AA, but in nearby counties within the broader regional area. The bank received credit for the community development loans made outside its assessment area, as it has been responsive to the AA's community development needs.

The table below provides details of the bank's community development lending by year and community development purpose.

The following are notable examples of the bank's community development lending:

- During 2021, Hanover participated in the Paycheck Protection Program (PPP). The bank made 16 PPP loans totaling \$25.6 million that qualified as community development loans within its assessment area and the broader statewide/regional area. These loans primarily supported economic development by facilitating the retention of jobs in low- and moderate-income areas and for low- and moderate-income individuals.

- In 2022, the bank originated a \$5 million loan that provided affordable housing in Brooklyn, New York. The loan was secured by three apartment buildings with 15 total units. The loan supported affordable housing, as the rents for the residential units fell below the 2022 Housing and Urban Development (HUD) Fair Market rents for the area.
- In 2022, the bank originated a \$4.8 million loan that provided affordable housing in Bronx, New York. The eight residential units help provide affordable housing, as the rents for the residential units fell below the 2022 HUD Fair Market rents for the area.

Qualified Investments

Hanover's qualified investments consist of 21 grants and donations to various non-profit organizations totaling \$36,552. This total represents a decrease of 45.5 percent by dollar amount compared to the prior evaluation. The qualified investments represent less than 1 percent of total assets and total securities, and include nine donations totaling \$13,887 in 2021, seven donations totaling \$10,945 in 2022, and five donations totaling \$11,720 in 2023. The majority of the bank's grants and donations supported the revitalization and stabilization of low- and moderate-income areas with 11 donations, followed by community services with 7, economic development with 2, and affordable housing with 1.

The following are examples of the qualified donations:

- In 2021, the bank donated \$3,500 to an economic development organization that supports initiatives to revitalize and stabilize a moderate-income area in Flushing, New York.
- In 2022, the bank donated \$15,000 to an affordable housing organization to support housing education, counseling, and financial services to low- and moderate-income residents to increase access to affordable housing in Queens, New York.
- In 2023, the bank donated \$5,000 to a community development corporation that encourages development and retention of businesses and jobs in Upper Manhattan and Bronx, New York.

Community Development Services

Hanover employees provided 66 instances of community development services to 12 community development organizations during the evaluation period. The services consisted of bank employees providing financial expertise and technical assistance to community development-related organizations that focus on economic development and community service needs in the AA.

The following table illustrates Hanover's community development services by year and purpose.

Community Development Services

<i>Source: Bank Data</i>					

Below are notable examples of the bank's community development services:

- During the evaluation period, a bank employee provided five homeownership workshops through an affordable housing organization within the AA.
- In 2022 and 2023, a bank employee served on the board of directors of a local homeless shelter.
- During the evaluation period, a bank employee served on the board of directors of an economic development organization that provides services to small businesses within the AA.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

Examiners reviewed the bank's compliance with the laws relating to discrimination and other illegal credit practices, including the Fair Housing Act and the Equal Credit Opportunity Act. Examiners did not identify any discriminatory or other illegal credit practices.

APPENDICES

INTERMEDIATE SMALL BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by considering the following criteria:

- 1) The bank's loan-to-deposit ratio, adjusted for seasonal variation, and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;
- 2) The percentage of loans, and as appropriate, other lending-related activities located in the bank's assessment area(s);
- 3) The geographic distribution of the bank's loans;
- 4) The bank's record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes; and
- 5) The bank's record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

Community Development Test

The Community Development Test considers the following criteria:

- 1) The number and amount of community development loans;
- 2) The number and amount of qualified investments;
- 3) The extent to which the bank provides community development services; and
- 4) The bank's responsiveness through such activities to community development lending, investment, and service needs.

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

- (1) Support affordable housing for low- and moderate-income individuals;
- (2) Target community services toward low- and moderate-income individuals;
- (3) Promote economic development by financing small businesses or farms; or
- (4) Provide activities that revitalize or stabilize low- and moderate-income geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Institution CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Institution CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit low- and moderate-income groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

- (1) Has as its primary purpose community development; and
- (2) Except in the case of a wholesale or limited purpose institution:
 - (i) Has not been reported or collected by the institution or an affiliate for consideration in the institution's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
 - (ii) Benefits the institution's assessment area(s) or a broader statewide or regional area including the institution's assessment area(s).

Community Development Service: A service that:

- (1) Has as its primary purpose community development;
- (2) Is related to the provision of financial services; and
- (3) Has not been considered in the evaluation of the institution's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

- (1) An unemployment rate of at least 1.5 times the national average;
- (2) A poverty rate of 20 percent or more; or
- (3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into “male householder” (a family with a male householder and no wife present) or “female householder” (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g., geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g., innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area.

Performance under applicable tests is often analyzed using only quantitative factors (e.g., geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as **non-MSA**): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area's population is sufficiently small, thin, and distant from a population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, "urban" consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

"Urban" excludes the rural portions of "extended cities"; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

I - GENERAL INFORMATION

This document is an evaluation (the “Evaluation”) of the Community Reinvestment Act (“CRA”) performance of Hanover Community Bank (“HCB” or the “Bank”) prepared by the New York State Department of Financial Services (“DFS” or the “Department”). This Evaluation represents the Department’s current assessment and rating of the Bank’s CRA performance based on an evaluation conducted as of March 31, 2023.

Section 28-b of the New York Banking Law, as amended, requires that when evaluating certain applications, the Superintendent of Financial Services shall assess a banking institution’s record of helping to meet the credit needs of its entire community, including low- and moderate-income (“LMI”) areas, consistent with safe and sound operations.

Part 76 of the General Regulations of the Superintendent (“GRS”) implements Section 28-b and further requires that the Department assess the CRA performance records of regulated financial institutions. Part 76 establishes the framework and criteria by which the Department will evaluate institutions’ performance. Section 76.5 further provides that the Department will prepare a written report summarizing the results of such assessment and will assign to each institution a numerical CRA rating based on a 1 to 4 scoring system. The numerical scores represent an assessment of CRA performance as follows:

- (1) Outstanding record of meeting community credit needs;
- (2) Satisfactory record of meeting community credit needs;
- (3) Needs to improve in meeting community credit needs; and
- (4) Substantial noncompliance in meeting community credit needs.

Section 76.5 further requires that the CRA rating and the Evaluation be made available to the public. Evaluations of banking institutions are primarily based on a review of performance tests and standards described in Section 76.7 and detailed in Sections 76.8 through 76.13. The tests and standards incorporate the 12 assessment factors contained in Section 28-b of the New York Banking Law.

For an explanation of technical terms used in this report, please consult the **GLOSSARY** at the end of this Evaluation.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

II - OVERVIEW OF INSTITUTION'S PERFORMANCE

The Department evaluated HCB according to the intermediate small banking institutions performance criteria pursuant to Sections 76.7 and 76.12 of the GRS. The evaluation period included calendar years 2020, 2021 and 2022 for the lending test and the period from April 1, 2020, to March 31, 2023, for the community development test. HCB is rated "2," indicating a "Satisfactory" record of helping to meet community credit needs.

The rating is based on the following factors:

A. Lending Test: Outstanding

1. Loan-to-Deposit Ratio and other Lending-Related Activities: Outstanding

HCB's average LTD ratio was excellent considering its size, business strategy, financial condition, and peer group activity.

HCB's average LTD ratio of 106.2% for the evaluation period significantly exceeded its peer average LTD ratio of 76.1%.

2. Assessment Area Concentration: Outstanding

During the evaluation period, HCB originated 90.9% by number and 96% by dollar value of its total HMDA-reportable and small business loans within the assessment area, demonstrating an excellent concentration of lending.

3. Distribution by Borrower Characteristics: Outstanding

HCB's HMDA-reportable and small business lending demonstrated an excellent distribution of loans among individuals of different income levels and businesses of different revenue sizes.

4. Geographic Distribution of Loans: Outstanding

HCB's origination of loans in census tracts of varying income levels demonstrated an excellent distribution of lending for HMDA-reportable loans and reasonable distribution of lending for small business loans. Greater weight was given to the Bank's HMDA-reportable lending.

5. Action Taken in Response to Written Complaints with Respect to CRA:

Neither DFS nor HCB received any written complaints during the evaluation period regarding HCB's CRA performance.

B. Community Development Test: Satisfactory

HCB's community development performance demonstrated adequate responsiveness to the community development needs of its assessment area mainly through community development

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

loans and services considering HCB's capacity, and the need for and availability of opportunities for community development in its assessment area.

1. Community Development Lending: Outstanding

During the evaluation period, HCB originated \$135.9 million in new community development loans and had \$16.2 million outstanding from prior evaluation periods. This demonstrated an excellent level of community development lending.

2. Qualified Investments: Substantial Noncompliance

HCB made no investments during the current evaluation period and had no investments outstanding from prior evaluation periods. The Bank made \$88,000 in qualified grants. This demonstrated a very poor level of qualified investments over the course of the evaluation period.

3. Community Development Services: Satisfactory

HCB demonstrated an adequate level of community development services over the course of the evaluation period.

4. Responsiveness to Community Development Needs:

HCB demonstrated an adequate level of responsiveness to credit and community development needs.

This evaluation was conducted based on a review of the 12 assessment factors set forth in Section 28-b of the New York Banking Law and GRS Part 76.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

III - PERFORMANCE CONTEXT

A. Institution Profile

Established in 2009, HCB is a New York State chartered commercial bank headquartered in Garden City Park, Nassau County, New York. The bank is a wholly owned subsidiary of Hanover Bancorp, Inc., a one bank holding company headquartered in Mineola, New York.

HCB acquired Savoy Bank in May of 2021, including a branch office located at Rockefeller Center in New York County. As of the end of the evaluation period, HCB operated seven branch locations in New York State including two branches each in Queens, New York and Nassau counties, and one in Kings County. In addition to the branch offices, HCB maintains one automated teller machine (ATM) at each branch, except the Kings County and the Rockefeller Center branches. The bank is also a member of the AllPoint ATM network which provides the Bank's customers with surcharge free access to approximately 55,000 ATMs nationwide.

HCB offers consumer and commercial products and services that include checking and saving accounts, certificates of deposit, residential mortgages, personal loans, home equity loans, commercial real estate loans, multi-family loans, small business loans, business banking, and business cash/management services. These products are offered via its branch network, website and other delivery systems.

In its Consolidated Report of Condition (the "Call Report") as of December 31, 2022, filed with the Federal Deposit Insurance Corporation ("FDIC"), HCB reported total assets of \$2 billion, of which \$1.7 billion were net loans and lease financing receivables. It also reported total deposits of \$ 1.5 billion in domestic offices, resulting in an LTD ratio of 114.1%. According to the latest available comparative deposit data as of June 30, 2022, HCB obtained a of 0.06%, or \$1.3 billion market share in a market of \$2.2 trillion, ranking it 46th among 110 deposit-taking institutions in the assessment area.

The following is a summary of the Bank's loan portfolio, based on Schedule RC-C of the Bank's Call Reports for December 31, 2020, December 31, 2021, and December 31, 2022.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

As illustrated in the above table, HCB is primarily a residential real estate lender with multifamily and one-to-four family residential mortgage loans accounting for 33.8% and 33% of its gross loan portfolio, respectively.

Examiners did not find evidence of financial or legal impediments that had an adverse impact on HCB's ability to meet the credit needs of its community.

B. Assessment Area

The Bank's assessment area consists of New York, Kings, Queens, Bronx, Richmond, Nassau and Suffolk counties. The Bank added Suffolk County to its assessment area in July 2021.

There are 2,998 census tracts in the Bank's assessment area, of which 300 are low-income, 691 are moderate-income, 1,093 are middle-income, 748 are upper-income, and 166 are tracts with no income indicated.

Assessment Area Census Tracts by Income Level							
County	N/A	Low	Mod	Middle	Upper	Total	LMI %
Suffolk	8	5	90	220	62	385	24.7
Nassau	9	10	31	146	90	286	14.3
New York	23	36	44	32	175	310	25.8

Richmond	7	3	13	42	61	126	12.7
Total	166	300	691	1,093	748	2,998	33.1

C. Demographic & Economic Data

The assessment area had a population of 11,725,884 during the evaluation period. Approximately 14.9% of the population was over the age of 65 and 22.2% was under the age of 16.

Of the 2,610,075 families in the assessment area, 27.2% were low-income, 16.5% were moderate-income, 17.8% were middle-income and 38.5% were upper income. There were 4,137,325 households in the assessment area, of which 14.7% had income below the poverty level and 4% were on public assistance. The weighted average median family income in the assessment area was \$100,800.

There were 4,569,637 housing units within the assessment area, of which 50.1% were one- to four-family units and 49.6% were multifamily units. A majority (50.8%) of the housing units were rental-occupied units, 39.8% were owner-occupied units and 9.5% of units were vacant. Of the total 2,320,304 rental-occupied units, 48.2% were in LMI census tracts while 50.4% were in middle- and upper-income census tracts. Average monthly gross rent was \$1,605.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

Of the 1,817,021 owner-occupied housing units, 18.9% were in LMI census tracts while 80.5% were in middle- and upper-income census tracts. The median age of the housing stock was 72 years, and the median home value in the assessment area was \$643,676.

There were 1,558,673 non-farm businesses in the assessment area. Of these, 91.7% were businesses with reported revenues of less than or equal to \$1 million, 3.2% reported revenues of more than \$1 million and 5.1% did not report their revenues. Of all the businesses in the assessment area, 97.4% were businesses with less than fifty employees while 95.3% operated from a single location. The largest industries in the area were services (34.3%); retail trade (11.3%); and finance, insurance, and real estate (9.6%); 29.7% of businesses in the assessment area were not classified.

An analysis of the employment data from the New York State Department of Labor showed, that the average unemployment rate decreased considerably during the evaluation period for New York State and each of the counties in the Bank's assessment area. This was mainly due to the COVID-19 pandemic waning. Bronx County had the highest unemployment rate each year of the evaluation period, while Nassau had the lowest unemployment rate each year.

Assessment Area Unemployment Rate								
	Statewide	Bronx	Kings	Nassau	New York	Queens	Richmond	Suffolk
2020	9.8%	16.0%	12.4%	8.0%	9.5%	12.4%	10.5%	8.1%
2021	7.0%	13.8%	10.3%	4.5%	7.7%	9.8%	8.9%	4.6%
2022	4.3%	7.8%	5.9%	2.9%	4.6%	5.2%	5.5%	3.1%

D. Community Information

DFS examiners met with representatives of three community organizations within the Bank's assessment area to get their insight into the economic conditions and credit needs of their communities.

DFS examiners held interviews with two executives each serving on a community board serving different sections of Bronx County. As mandated by the New York City Charter, community boards hold regular committee and board meetings open to the public in order to understand community needs and thereby act as representatives of the community in advising the city on land use and zoning, budgeting, making city services accessible and responsive, and submit plans for the development, growth, and improvement of their communities. Both executives noted that closures of local bank branches are devastating to small businesses and LMI individuals and families in their neighborhood, as people and businesses rely on local relationship banking rather than mobile and internet banking. Banks should renew focus on local relationship banking and offer more financial literacy seminars, including how to manage one's credit. One executive also stated that banks should make more grants and small businesses need more capital including bodegas, which are vital to the communities. Also, banks should offer more flexible business hours allowing business owners convenient access to various bank services. The COVID pandemic caused economic stress and forced many small business closures, but many other small businesses

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

remain and need more flexible loan programs providing much needed financing to these businesses. Public transportation has to be improved since transit lines are over-crowded, and there is shortage of parking space in these areas and also traffic congestion. These factors negatively affect the small businesses since they are not conveniently accessible.

The third community contact was with an executive of a non-profit organization which serves Nassau County and Queens County by providing various community services including child-care, academic assistance and recreational/cultural activities for children. The organization also conducts home-buyer seminars/workshops, tenant-landlord mediation services, provides employment related assistance for unemployed day workers and works towards homelessness prevention. The executive stated that some banks are very active in soliciting deposit accounts but fail to recognize that large segments of the local population lack knowledge of all the available bank products and services. Furthermore, the contact stated that banks during merger talks often promise to fund community development projects, but once the merger is done they often do not follow through on their promises.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

IV - PERFORMANCE STANDARDS AND ASSESSMENT FACTORS

The Department evaluated HCB under the intermediate small banking institution performance criteria in accordance with Sections 76.7 and 76.12 of the GRS, which consist of the lending test and the community development test.

The lending test includes:

1. Loan-to-deposit ratio and other lending-related activities;
2. Assessment Area concentration;
3. Distribution of loans by borrower characteristics;
4. Geographic distribution of loans; and
5. Action taken in response to written complaints regarding CRA.

The community development test includes:

1. Community development lending;
2. Community development investments;
3. Community development services; and
4. Responsiveness to community development needs.

DFS also considered the following factors in assessing the bank's record of performance:

1. The extent of participation by the board of directors or board of trustees in formulating CRA policies and reviewing CRA performance;
2. Evidence of any practices intended to discourage credit applications;
3. Evidence of prohibited discriminatory or other illegal credit practices;
4. Record of opening and closing offices and providing services at offices; and
5. Process factors, such as activities to ascertain credit needs and the extent of marketing and special credit related programs.

DFS derived statistics employed in this Evaluation from various sources. HCB submitted bank-specific information both as part of the Evaluation process and in its call reports submitted to the FDIC. DFS obtained aggregate lending data from the Federal Financial Institutions Examination Council ("FFIEC") and deposit data from the FDIC. DFS obtained loan to deposit ("LTD") ratios from information shown in the Bank's Uniform Bank Performance Report, compiled by the FFIEC from call report data.

DFS derived the demographic data referred to in this report from the 2020 U.S. Census and the FFIEC. DFS based business data on Dun & Bradstreet reports, which Dun & Bradstreet updates annually. DFS obtained unemployment data from the New York State Department of Labor.

The evaluation period included calendar years 2020, 2021, and 2022 for lending activities and the period from April 1, 2020, to March 31, 2023, for community development activities.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

Examiners considered HCB's HMDA-reportable and small business loans in evaluating factors (2), (3) and (4) of the lending test noted above.

DFS gave greater weight to the Bank's HMDA-lending in evaluating the factors above, as HMDA loans within the assessment area made up 58.3% by number and 89.4% by dollar value of all of the bank's HMDA and small business loans within the assessment area.

DFS evaluated the Bank's small business lending for 2021 and 2022 only, as the Bank made only eight small business loans in its assessment area in 2020. The number of small business loans originated by the Bank in 2020 is too low for a meaningful analysis.

In its prior Community Reinvestment Act Performance Evaluation as of March 31, 2020, DFS assigned HCB a rating of "2" or "satisfactory" compliance with regulatory standards.

CRA Rating: Satisfactory

A. Lending Test: Outstanding

HCB's HMDA-reportable and small business lending activities were excellent in light of HCB's size, business strategy, and financial condition, as well as aggregate and peer group activity and the demographic characteristics and credit needs of the assessment area.

1. Loan-to-Deposit Ratio and other Lending-Related Activities: Outstanding

HCB's average LTD ratio was excellent considering its size, business strategy, financial condition, and peer group activity.

For the evaluation period, HCB's average LTD ratio of 106.2% was well above its peer group average ratio of 76.1%. Furthermore, the Bank's quarterly LTD ratios exceeded its peer group quarterly LTD ratios for each quarter of the evaluation period.

The table below shows HCB's LTD ratios in comparison with the peer group's ratios for the 12 quarters of this evaluation.

Loan-to-Deposit Ratios													
	2020	2020	2020	2020	2021	2021	2021	2021	2022	2022	2022	2022	Avg.

2. Assessment Area Concentration: Outstanding

During the evaluation period, HCB originated 90.9% by number and 96% by dollar value of its total HMDA-reportable and small business loans within the assessment area, demonstrating an excellent concentration of lending.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

a. HMDA-Reportable Loans:

During the evaluation period, HCB originated 95.8% by number and 96.5% by dollar value of its HMDA-reportable loans within the assessment area. This substantial majority of lending inside of HCB's assessment area reflects an excellent concentration of lending.

b. Small Business Loans:

In 2021 and 2022, HCB originated 84.7% by number and 91.4% by dollar value of its small business loans within the assessment area. This substantial majority of lending inside of HCB's assessment area reflects an excellent concentration of lending.

The significant increase of small business loans by HCB in 2021 was due to the Bank originating a large number of "Paycheck Protection Program" ("PPP") loans, a loan program (the program ended May 31, 2021) that was temporarily implemented by the U.S. Small Business Administration to assist small businesses through the difficult economic conditions caused by the COVID-19 pandemic.

The following table shows the percentages of HCB's HMDA-reportable and small business loans originated inside and outside of the assessment area.

3. Distribution by Borrower Characteristics: Outstanding

HCB's HMDA-Reportable and small business lending demonstrated an excellent distribution of loans among individuals of different income levels and businesses of different revenue sizes.

a. One-to-four Family HMDA-Reportable Loans:

HCB's one-to-four family HMDA-reportable lending demonstrated an excellent distribution of loans among borrowers of different income levels.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

During the evaluation period, HCB HMDA-reportable lending rates to LMI borrowers of 30.8% by number and 24.1% by dollar value significantly exceeded the aggregate's lending rates of 16.8% and 9%, respectively.

Both the Bank's and the aggregate's HMDA-reportable lending rates to LMI borrowers were below the average percentage of 45.4% of LMI families (family demographics) living in the assessment area. While the Bank trailed the family demographics in the assessment area, examiners noted that 14.7% of the population in the assessment area have income below the poverty level providing for limited lending opportunity.

The following table provides a summary of the distribution of HCB's one-to-four family loans by borrower income.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

b. Small Business Loans:

HCB's small business lending demonstrated an excellent distribution of loans among businesses of different revenue sizes.

As PPP loans did not require revenue information to be collected or maintained for loan approval, PPP loans were excluded from the below analysis to not negatively skew the small business by revenue analysis. Still, of the Bank's 507 PPP loans originated in 2021 within the assessment area in the amount of less than \$1 million, 304 or 60% were for a loan amount of less than or equal to \$100,000, and 115 or 22.7% were for loans in the amount of greater than \$100,000 but less than or equal to \$250,000.

The Bank's average lending rates to small businesses with revenue less than or equal to \$1 million of 71.7% by number and 70.9% by dollar value significantly exceeded the aggregate's lending rates of 43.1% and 16.8%, respectively. This was the result of the Bank's lending rates in 2022 significantly exceeding the aggregate's lending rates to small businesses with revenue of \$1 million or less.

Both the HCB's and the aggregate's lending rates were below the average percentage of 91.6% of small businesses with revenue of \$1 million or less located within the Bank's assessment area.

The following table provides a summary of the distribution of HCB's small business loans by the revenue size of the business.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

4. Geographic Distribution of Loans: Outstanding

HCB's origination of loans in census tracts of varying income levels demonstrated an excellent distribution of lending for HMDA-reportable loans and reasonable distribution of lending for small business loans. Greater weight was given to the Bank's HMDA-reportable lending.

a. HMDA-Reportable Loans:

The distribution of HCB's HMDA-reportable loans among census tracts of different income levels was excellent.

During the evaluation period, HCB's average HMDA-reportable lending rates in LMI census tracts of 35.1% by number and 54.7% by dollar value of loans significantly exceeded the aggregate's rates of 17.6% and 20.7%, respectively.

The Bank's average HMDA-reportable lending rates in LMI census tracts by number and dollar value of loans also exceeded the average percentage of 18% of LMI owner-occupied housing units located in the assessment area during the evaluation period.

The following table provides a summary of the distribution of HCB's HMDA-reportable loans by the income level of the geography where the property was located.

b. Small Business Loans:

The distribution of HCB's small business loans (including PPP loans) among census tracts of varying income levels was reasonable.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

HCB's average small business lending rates of 21.3% by number and 15.5% by dollar value of loans in LMI census tracts trailed the aggregate's rates of 26% and 22.5%.

The Bank's average small business lending rates in LMI census tracts also trailed the average percentage of 26.4% of small business located in LMI census tracts within the assessment area during the evaluation period.

5. Action Taken in Response to Written Complaints with Respect to CRA: N/A

Neither DFS nor HCB receive any written complaints during the evaluation period regarding The Bank's CRA performance.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

B. Community Development Test: Satisfactory

HCB's community development performance demonstrated adequate responsiveness to the community development needs of its assessment area through community development loans, qualified investments, and community development services, considering HCB's capacity, and the need for and availability of opportunities for community development in its assessment area.

I. Community Development Lending: Outstanding

During the evaluation period, HCB originated \$135.9 million in new community development loans and had \$16.2 million outstanding from prior evaluation periods. This demonstrated an excellent level of community development lending over the course of the evaluation period.

The level of new community development loans originated by the Bank during the evaluation period represented a significant increase from the \$33.6 million originated in the prior evaluation period. HCB's community development loans primarily supported the community development purpose of affordable housing.

Below are highlights of HCB's community development lending.

- The Bank originated a \$4 million mortgage loan secured by a 23-unit residential property located in a low-income tract and providing affordable housing for the area as all but the rent for one residential unit were below the U.S. Department of Housing and Urban Development ("HUD") fair market rents for the area.
- HCB originated a \$3.2 million loan secured by a 24-unit residential property and 2 retail stores located in a low-income tract. The rents for all 24 units were below the HUD fair market rents for the area, thus providing affordable housing.
- The Bank originated a \$2 million loan secured by a 12-unit residential property located in a moderate-income tract. The loan supported affordable housing as the rents for ten of the twelve units were below the HUD fair market rents for the area.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

- HCB originated a \$600,000 mortgage loan secured by a mixed-use building with five residential units and a retail store. The building is located in a moderate-income census tract and provides affordable housing as the rents for all five units were below HUD fair market rents for the area.
- The Bank originated a \$1.5 million mortgage loan secured by a mixed-use property containing five residential units and a retail store. The building is located in a moderate-income census tract. The rents for all five residential units were below the HUD Fair Market rents for the area thus qualifying the loan for affordable housing.

2. Qualified Investments: Substantial Noncompliance

During the evaluation period, HCB made no new qualified investments and had none outstanding from prior evaluation periods. HCB made \$87,837 in qualified grants. This demonstrated a very poor level of qualified investments and grants over the course of the evaluation period.

HCB did not make new investments and had none outstanding from prior periods, as the Bank also did not make any qualified investments during the prior evaluation. Prior evaluation period grants totaled \$67,121.

- A member of the Bank's senior management assisted a nonprofit organization in providing business counseling and financial webinars to individuals and small businesses with the goal of helping them become successful.
- A loan officer of HCB acted as the public relations officer for a nonprofit organization in Queens County which provides funds for affordable healthcare and housing programs for LMI individuals and families.
- A loan officer of the Bank provided a series of educational workshops for prospective homeowners on behalf of a non-profit organization dedicated to increasing home ownership in and revitalization of low- and moderate-income communities in Queens. These workshops are part of the organization's programs which include below-market interest rate loans to homeowners who are unable to get loans from conventional lending institutions, downpayment assistance grants, grants to existing low- and moderate-income homeowners for home improvement projects, emergency home repair loans to homeowners in financial distress, and homebuyer financial planning.

Responsiveness to Community Development Needs:

HCB demonstrated an adequate level of responsiveness to credit and community development needs.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

C. Additional Factors

1. The extent of participation by the banking institution's Board of Directors or Board of Trustees in formulating the banking institution's policies and reviewing its performance with respect to the purposes of the CRA.

HCB's board of directors reviews and approves the Bank's CRA policy at least annually. The Bank has established a board level Community Reinvestment Act and Fair Lending Committee to assist the board in its CRA oversight responsibilities. This committee meets quarterly in a combined meeting with the Community Reinvestment Act and Fair Lending Management Committee ("CRAFLMC") comprised of the CRA officer and key employees from various areas of the Bank. As part of its duties, the management committee, during the quarterly meetings, provides a presentation of the Bank's CRA performance including community outreach, CRA lending trends, training, marketing efforts, community development activities and self-assessment.

The board appointed CRA Officer assisted by the CRAFLMC is responsible for coordinating, documenting and monitoring the Bank's CRA lending, investment and service activities and to periodically report on the bank's CRA performance to the two committees and to the full board at least annually.

2. Discrimination and other illegal practices

- *Any practices intended to discourage applications for types of credit set forth in the banking institution's CRA Public File.*

DFS examiners did not note practices by HCB intended to discourage applications for the types of credit offered by HCB.

- *Evidence of prohibited discriminatory or other illegal credit practices.*

DFS examiners did not note evidence by HCB of prohibited discriminatory or other illegal practices.

3. Record of opening and closing offices and providing services at offices

HCB operates seven branches in New York State located in the following counties: two in Nassau, two in Queens two in New York and one in Nassau County. Four (57%) of the seven branches are located in LMI census tracts as shown in the table below.

During the current evaluation period, the Bank acquired a branch as a result of the acquisition of Savoy Bank in May of 2021. This branch is located in New York County in an upper-income census tract. HCB also closed one branch in August of 2021, the branch was located in New York County in a low-income census tract.

All branches offer business hours from 9:00am to 5:00pm, Monday through Friday. In addition, three branches located in LMI census tracts also offer Saturday hours from 9:00am to 1:00pm. All

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

branches have at least one ATM, except one branch in New York County located in an upper-income census tract and one branch located in Kings County in a moderate-income census tract. Also the ATM at the branch located in Queens County in a low-income census tract is available only during business hours, while the other branch located ATMs are accessible 24 hours.

4. Process Factors

- Activities conducted by the banking institution to ascertain the credit needs of its community, including the extent of the banking institution's efforts to communicate with members of its community regarding the credit services being provided by the banking institution.

HCB ascertains the credit needs of its community through outreach to local community organizations, nonprofit groups, government officials, and business and trade associations. During the evaluation period, the Bank also conducted additional outreach with housing related organizations to ascertain specific credit and loan products need across all segments of the Bank's market area.

- The extent of the banking institution's marketing and special credit-related programs to make members of the community aware of the credit services offered by the banking institution

HCB markets its products and services in local newspapers, at its branch locations, and community events, as well as through its partnerships and involvement with various community organizations. HCB's products and services are also advertised and available on its website including the Bank's Affordable Home Loan (AHL) Program which launched in June 2022 targeted at low- and moderate-income first-time homebuyers in New York.

- 5. Other factors that in the judgment of the Superintendent bear upon the extent to which HCB is helping to meet the credit needs of its entire community

DFS examiners noted no other factors.

V - GLOSSARY

Aggregate Lending

“Aggregate lending” means the number of loans originated and purchased by all reporting lenders in specified categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the assessment area.

Banking Development District (“BDD”) Program

The BDD Program is a program designed to encourage the establishment of bank branches in areas across New York State where there is a demonstrated need for banking services, in recognition of the fact that banks can play an important role in promoting individual wealth, community development, and revitalization. Among others, the BDD Program seeks to reduce the number of unbanked and underbanked New Yorkers and enhance access to credit for consumers and small businesses. More information about the program, may be found at <https://www.dfs.ny.gov> and search for the BDD Program.

Community Development

“Community development” means:

- Affordable housing (including multifamily housing) for LMI individuals;
- Community services targeted to LMI individuals;
- Activities that promote economic development by financing business or farms that meet the size eligibility standards of the United States Small Business Administration (“SBA”) Development Company or Small Business Investment Company programs, or have gross annual incomes of \$1 million or less;
- Activities that revitalize or stabilize LMI geographies, designated disaster areas, or distressed or underserved metropolitan middle-income geographies designated by the Board of Governors of the federal Reserve System, FDIC, and the Office of Comptroller of the Currency; and
- Activities that seek to prevent defaults and/or foreclosures in loans included in the first and third bullet points above.

Community Development Loan

“Community development loan” means a loan that has its *primary purpose* community development. This includes but is not limited to loans to:

- Borrowers for affordable housing rehabilitation and construction, including construction and permanent financing for multifamily rental property serving LMI persons (DFS multifamily industry letter www.dfs.ny.gov/industry_guidance/industry_letters/il20141204_guidelines_bank_lending_multifamily_properties_cra_updated);
- Nonprofit organizations serving primarily LMI or other community development needs;

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

- Borrowers to construct or rehabilitate community facilities that are located in LMI areas or that primarily serve LMI individuals;
- Financial intermediaries including community development financial institutions, community development corporations, minority- and women-owned financial institutions, community loan funds or pools, micro-finance institutions, and low-income or community development credit unions that primarily lend or facilitate lending to promote community development;
- Local, state, and tribal governments for community development activities; and
- Borrowers to finance environmental clean-up or redevelopment of an industrial site as part of an effort to revitalize the LMI community in which the property is located.

Community Development Service

“Community development service” means a service that has community development as its *primary purpose*, is related to the provision of financial services, and has not been considered in the evaluation of the banking institution's retail banking services. This includes but is not limited to:

- Providing technical assistance on financial matters to nonprofit, tribal or government organizations serving LMI housing or economic revitalization and development needs;
- Providing technical assistance on financial matters to small businesses or community development organizations;
- Lending employees to provide financial services for organizations facilitating affordable housing construction and rehabilitation or development of affordable housing;
- Providing credit counseling, home buyers and home maintenance counseling, financial planning, or other financial services education to promote community development and affordable housing;
- Establishing school savings programs for LMI individuals;
- Providing seminars for LMI persons on banking and bank account record-keeping;
- Making ATM “Training Machines” available for extended periods at LMI community sites or at community facilities that serve LMI individuals; and
- Technical assistance activities to community development organizations such as:
 - ❖ Serving on a loan review committee;
 - ❖ Developing loan application and underwriting standards;
 - ❖ Developing loan processing systems;
 - ❖ Developing secondary market vehicles or programs;
 - ❖ Assisting in marketing financial services, including the development of advertising and promotions, publications, workshops, and conferences;
 - ❖ Furnishing financial services training for staff and management;
 - ❖ Contributing accounting/bookkeeping services; and
 - ❖ Assisting in fund raising, including soliciting or arranging investments.

HANOVER COMMUNITY BANK – CRA PERFORMANCE EVALUATION

Community Development Financial Institution (“CDFI”)

A CDFI is a financial institution that provides credit and financial services to underserved markets and populations and has a primary mission of community development, serves a target market, is a financing entity, provides development services, remains accountable to its community, and is a non-governmental entity. CDFIs are certified as such by United States Treasury Department’s CDFI Fund.

Fair Market Rents (“FMRs”)

Fair Market Rents are published and developed annually by the US Department of Housing and Urban Development (“HUD”) and used to determine rent payments for affordable housing projects such as Section 8 contracts in defined metropolitan statistical areas (“MSAs”) nationwide. For easy reference of annual FMRs in New York MSAs or counties, go to www.huduser.gov/portal/datasets/fmr.html

Geography

“Geography” means a census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (“HMDA”)

The Home Mortgage Disclosure Act, enacted by Congress in 1975, and subsequently amended, requires institutions to annually report data about applications for residential (including multifamily) financing.

Income Level

The income level for borrowers is based on household or family income. A geography’s income is categorized by median family income for the geography. In both cases, the income is compared to the Metropolitan Statistical Area (“MSA”) or statewide nonmetropolitan median income.

Income level of individual or geography	% of the area median income
Low-income	Less than 50
Moderate-income	At least 50 and less than 80
Middle-income	At least 80 and less than 120

LMI Geographies

“LMI geographies” means those census tracts or block numbering areas where, according to the most current U.S. Census, the median family income is less than 80% of the area median family income. In the case of tracted areas that are part of a MSA or Primary Metropolitan Statistical Area (“PMSA”), this would relate to the median family income for the MSA or PMSA in which the tracts are located. In the case of Block Numbering Areas (“BNAs”) and tracted areas that are

not part of a MSA or PMSA, the area median family income would be the statewide non-metropolitan median family income.

LMI Borrowers

“LMI borrowers” means borrowers whose income, as reported on the loan application which the lender relied upon in making the credit decision, is less than 80% of the area median family income. In cases where the residential property is located in a MSA or PMSA, this would relate to the median family income for that MSA or PMSA. Otherwise, the area median family income would be the statewide non-metropolitan median family income. In all instances, the area median family incomes used to measure borrower income levels are updated annually by the Federal Financial Institutions Examination Council (“FFIEC”).

LMI Individuals/Persons

“LMI individuals” or “LMI persons” means individuals or persons whose income is less than 80% of the area median family income. In the case where the individual resides in a MSA or PMSA, this would relate to the median family income for that MSA or PMSA. Otherwise, the area median family income would be the statewide non-metropolitan median family income. In all instances, the area median family incomes used to measure individual income levels are updated annually by the FFIEC.

LMI Penetration Rate

“LMI penetration rate” means the percentage of a bank’s total loans (for a particular product) that was extended to LMI geographies or borrowers. For example, if a bank made 20 out of a total of 100 loans in LMI geographies or to LMI borrowers, the penetration rate would be 20%.

Low-Income Housing Tax Credit (“LIHTC”)

LIHTC were created under the Tax Reform Act of 1986, that provides incentives to invest in projects for the utilization of private equity in the development of affordable housing aimed at low-income Americans. The tax credits provide a dollar-for-dollar reduction in a taxpayer’s federal income tax. It is more commonly attractive to corporations since the passive loss rules and similar tax changes greatly reduced the value of tax credits and deductions to individual taxpayers.

Minority Depository Institutions (“MDIs”)

An MDI is defined as a federal insured depository institution for which (1) 51 percent or more of the voting stock is owned by minority individuals; or (2) a majority of the board of directors is minority and the community that the institution serves is predominantly minority. For more of MDIs, go to FDIC.gov (Minority Depository Institutions Program) including list of MDIs.

New Markets Tax Credit (“NMTC”)

The NMTC Program was established by Congress in December 2000 to stimulate economic and community development and job creation in low-income communities. It permits taxpayers to receive a credit against federal income taxes for making qualified equity investments in Community Development Entities (“CDEs”). The credit provided to the investor totals 39% of the cost of the investment and is claimed over a 7-year period. CDEs must use substantially all of the taxpayer’s investments to make qualified investments in low-income communities. The Fund is administered by the CDFI Fund, an agency of the United States Department of the Treasury.

Paycheck Protection Program (“PPP”) Loans

The Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) temporarily permits the U.S. Small Business Administration (“SBA”) to guarantee 100% of 7(a) loans under a new program titled the “Paycheck Protection Program”. The intent of the PPP is to help small business cover payroll costs providing for forgiveness of up to the full principal of qualifying loans guaranteed under the PPP subject to certain rules including how much or percentage of the loan proceeds a borrower spends on payroll costs. A small business owner can apply through any existing SBA 7(a) lender or through any federally insured depository institution, federally insured credit union, and Farm Credit System institution that is participating. Any amount of the PPP loan that is not forgiven shall be repaid over a 5-year term at a fixed interest rate of 1%. The program officially ended May 31, 2021.

Qualified Investment

“Qualified investment” means a lawful investment, deposit, membership share or grant that has community development as its *primary purpose*. This includes but is not limited to investments, deposits, membership shares or grants in or to:

- Financial intermediaries (including community development financial institutions, community development corporations, minority- and women-owned financial institutions, community loan funds, micro-finance institutions and low-income or community development credit unions) that primarily lend or facilitate lending in LMI areas or to LMI individuals in order to promote community development;
- Organizations engaged in affordable housing rehabilitation and construction;
- Organizations, including, for example, small business investment corporations that promote economic development by financing small businesses;
- Facilities that promote community development in LMI areas or LMI individuals, such as youth programs, homeless centers, soup kitchens, health care facilities, battered women’s centers, and alcohol and drug recovery centers;
- Projects eligible for low-income housing tax credits;
- State and municipal obligations, such as revenue bonds that specifically support affordable housing or other community development needs;
- Organizations serving LMI housing or other community development needs, such as counseling for credit, home ownership, home maintenance, and other financial services education; and
